

## Download or delete a data set.

- Go to the History panel and open the tile for the data set.
- To delete the data set, click the X in the panel next to the file name. (fig 1, orange box)
- To download the data set, click the disk icon in the panel at the bottom of the tile. (blue box)

## Download or delete a history.

- Open the All Histories tab
- Choose Purge from the dropdown menu next to the history title.

## Export an entire History

- In the History pane, open the History Actions panel (small wrench icon)
- Choose Export History to File.
- You may need to 'make this history accessible' as indicated in the message.
